

V-Press 825 Plus Pro

The V-Press 825 Plus Pro is characterised by its very low transport height, which means it is ideal for compact areas.

Benefits

- Savings on your waste collection
- Tidy premises
- Space and time saving

Features

- Robust mechanical bale ejector belt for easy bale removal
- Special hydraulic cylinders with hard-chrome plated pistons reduce wear, prevent breakdowns and prolong service life
- Low installation height and small footprint
- High process reliability due to HSM TCS (TorsionControlSystem)
- The V-Press 825 is characterised by its very low transport height, which means it is ideal for compact areas.
- Conforms to EN16500

V-Press 825 Plus Pro

Technical Data

Press Force	25 ton
Cycle Time	35 secs
Driving Power	4 kW
Machine Weight	1200kg
Voltage	400V, 50Hz

Dimensions

Width	1691mm
Depth	1248mm
Height	2370mm
Transport Height	1950mm

Loading Aperture

Width	1195mm
Height	530mm

Bale Size*

Width	1195mm
Depth	780mm
Height	700mm

Bale Weight

Cardboard	280kg
------------------	-------

* The bale weight varies depending on type, humidity and condition of the compressed material together with bale length or height.
